

Dear Revox Partner,

at certain times, we have to make decisions regarding our product range. We are also dependent on external circumstances and necessities.

Today we would like to inform you that we are discontinuing the Revox Joy S22 CD Player. Due to the special current situation in the supplier market, the availability of important components can no longer be guaranteed by some of our partners at short notice. In order to ensure planning security as well as good and fair customer advice, we have therefore decided to no longer carry the Joy S22 CD Player in our range.

IMPORTANT NOTE:

There is still a limited number of the Revox S22 CD Player white/white glass available.

If required, this CD Player can also be converted to white/black glass to match the exterior of the Revox STUDIOMASTER M500/M300 (see picture below).
