

Dear Revox Direct Partner,

we will be able to make a price change for our **STUDIOART S100** and **STUDIOART A100** products by 15 February 2023.

Now that the situation in the supplier market has eased somewhat in some product groups, we have been able to agree better purchasing conditions with our suppliers.

We will pass on these cost advantages to our customers and reduce the prices of the two products **STUDIOART S100** and **STUDIOART A100**.

Especially in the current market situation, we would like to send a signal that we as a company always take care to act in a fair and customer-oriented manner.

You will find our new sales prices (valid from 15 February 2023) below:
