

Dear Revox Partner,

we are very pleased to inform you that we have expanded the Multiuser 3.0 world with new products. The C18 Multiuser Wall Control and the C100 Multiuser Remote Control are now available. The layout of the new controls has been designed to match the user favourites that are central to Multiuser 3.0.

Revox C18 Multiuser Wall Control

The new layout of the C18 Multiuser Wall Control, together with the RC5 triggers preset ex works in the Multiuser 3.0 system, enables room control without further configuration.

You can find the operating instructions for the C18 Wall Control [here as download](#) or on our support page.
