### Multuser 3.0 Trainings in der Revox ACADEMY

In addition to the existing training courses in our ACADEMY [www.revox-academy.com](http://www.revox-academy.com), three new basic training courses for the Multiuser 3.0 system are now available:

- Multiuser 3.0 - System Knowledge
- Multiuser 3.0 - Products and System Structure
- Multiuser 3.0 - Basic Configuration

Take the opportunity to deepen your knowledge of the Multiuser 3.0 system with valuable information from the training courses. Training courses that have already started can be interrupted at any time and continued at a later date. If you do not yet have a personal account in the Revox Academy, you can register on the Academy login page and then gain immediate access to the new training courses.

**Please note:**

We have archived the previous Multiuser 2 (Voxnet) training courses in the ACADEMY for a better overview. All Multiuser 2 training courses [can be downloaded here](#) or on our support page as PDF files.
