

Dear Revox Partner,

We are pleased to inform you today that we will be opening the **REVOX WORLD** in Dietikon, near Zurich, in spring 2025 on 1000 square meters.

In the **REVOX WORLD**, we present a comprehensive collection of original copies of all Revox and many Studer products produced. This impressive collection of Revox / Studer company history is open to the public all year round.

In very good and close cooperation with the Swiss Revox-Studer Museum and its founder Walter Stutz, we have succeeded in developing a joint vision for the realization of such a **REVOX WORLD** and have now implemented it.

Visitors will have the opportunity to see originals of these legendary products and also experience audio demonstrations with these historic products and the latest Revox high-end audio systems and loudspeakers in studio sound quality.

### **Revox (Schweiz) AG also at a new location**

With the opening of **REVOX WORLD**, we will also be moving our Swiss Revox headquarters to the new location in Dietikon.

**REVOX WORLD** and the Swiss headquarters will then be together in Revox Plaza, the new center in Switzerland for Revox history and current company activities.

Address: Revox Plaza | Lerzenstrasse 10 | 8953 Dietikon | Switzerland

Christoph Frey, CEO of the Revox Group: *"The **REVOX WORLD** will be a very attractive and eventful place to visit for audio enthusiasts and Revox fans from all over the world and is a new milestone in Revox's company history. We are already looking forward to welcoming you to our **REVOX WORLD** soon!"*

You will receive further information on the **REVOX WORLD** from us shortly.

Best regards  
Your  
Revox Group

## REVOX WORLD:

From 2025, the **REVOX WORLD** will open in Dietikon, near Zurich - a fascinating experience center for music and technology enthusiasts on 1000 square meters. Visitors can immerse themselves in the impressive history of Revox and Studer, two brands that have significantly shaped the world of audio technology.

Willi Studer, the founder of Studer Revox, made music history with his innovative developments in audio technology. With the aim of raising sound quality to a new level, Studer launched numerous pioneering products on the market that became the standard in studios and broadcasting stations worldwide. His vision and engineering skills led to innovative developments such as the first multi-track tape recorder and the introduction of tape drives for maximum precision.

At **REVOX WORLD**, visitors can not only experience the entire Revox and Studer history from historic classics to the latest high-tech devices, but also experience first-hand how Willy Studer's innovations revolutionized the audio world. Exclusive audio demonstrations in studio quality illustrate the outstanding sound quality and technological progress of Revox and Studer.

Whether you are a fan of classic devices or modern innovations - **REVOX WORLD** offers something for everyone and brings the world of Revox sound to life in all its facets.

**REVOX WORLD** is a unique place to preserve and develop cultural exchange and technical heritage. An institution to promote education, inspiration and enthusiasm for music and technology.
